ENVIRONMENTAL STUDIES 30 ENVIRONMENTAL ISSUES: NATURAL SCIENCES

Instructor: PAO CHAU

LECTURE: Section ID# 599438 MWF 9:00-9:50am CENTER 212

SECTIONS: During the first week of class, students will have the opportunity to sign up for convenient section days/times.

Our main goal is to introduce the scientific principles behind most environmental problems and issues so that we can make better decisions. This is the introductory course for the Environmental Studies minor and is designed so that you do not have to be a science major to understand what we teach. It is our job to reach a diverse audience. For science majors, the course provides the perspective of human impact that may be missing in pure science courses.
