

To All UC Parents: **HELP SUPPORT THE UNIVERSITY OF CALIFORNIA!**

Budget cuts are putting the quality of UC's teaching and research at risk. Over the past few years, state funds for UC have declined 15% while student enrollments have increased 19%. We need your support. Help us convince legislators in Sacramento and Washington, D.C., to stabilize public funding to the University.

Keep informed about UC issues

The UC for California Alliance is an organization of UC parents, alumni, students, faculty, and business leaders. Its objective is to build enduring, broad-based financial, legislative and constituent support for the University to ensure that access to a quality education is preserved. By signing up for the UC for California Alliance, you will be kept informed about the issues facing the University – many of which could impact the quality of your student's UC education.

Sign-up to be a UC advocate

The UC for California Alliance website offers you the ability to get even more involved by attending UC events, writing legislators or visiting elected officials with other UC parents and alumni.

Visit our advocacy web site at: www.UCforCalifornia.org

Type in your zip code, and in a few keystrokes send a letter on UC's behalf to the Governor and your state representatives. It only takes a minute – and your voice is needed.
